EDUCATION

Government Engineering College , BTU , Bikaner   **Bikaner**

*Bachelor of Technology(B.TECH) in Computer Science(CGPA:**8.2**)*   *2019 - 2023*

- Relevant Course work : Operating System, Software Engineering , OOP, DBMS, Cloud Computing , C++, DSA

WORK EXPERIENCE

Mobzway Technologies LLP   **Jaipur**

Intern   *feb2023-Apr2023*

- Gained team collaboration and real-world corporate insights during Design & Development Internship
- enhancing practical skills and industry understand workings during my **Design & Development Internship**

SKILLS

Good at: **C++** | SQL | **Software Development** | **Web Development** | **React Js** |Node JS | Express Js |Mongo DB

Hands on: **Frontend Development** | GitHub | Bootstrap | HTML CSS & Java Script |Object Oriented Programming

Soft Skills: Leadership| Decision Making| **Communication** | **Result oriented** | Presentation | Project management

PROJECTS

Shree Shyam Restaurant Using MERN   Live Project |Github

- Created Admin app with login/signup. Developed React JS food delivery site using MERN, responsive design
- Innovated user experiences through efficient design and robust technology for optimal performance

Notes Website Using MERN   Live Project|Github

- Designed React login/signup, CRUD notes. Used MERN for backend data storage, ensuring seamless connection
- Contributed to efficient application, showcasing frontend design and backend data storage skills

Toll Calculation Application   Live Project|Github

- Toll Calculation App in React, highlighting front end prowess and API integration for streamlined toll processing
- Integrated toll calculation and Leaflet maps for an application, demonstrating efficient functionality and technology

News Application   Live Project|Github

- Developed responsive News App in React.js, featuring live API-fetched headlines and articles for a dynamic experience
- Integrated API for innovative news retrieval, enhancing user experience with up-to-date content in real-time

CERTIFICATION & ACHIVEMENTS

- Accenture Developer Program   Nov2023-Dec2023
- Codechef :- 3* & LeetCode :- 2*   Mar2021-mar2023

LEADERSHIP EXPERIENCE

Google's Developer Student Clubs,BTU   **Bikaner**

Core Team Member   *2019 - 2021*

- Collaborated with a team of 7+ members to design, develop, and organize events focused on Software Development, and Internet of Things.

Language Proficiency

- **English** :- *Limited Working Proficiency*   • **Hindi** :- *full Working Proficiency*

STRENGTHS

• Hard-working   • Solving complex problem   • Adaptability   • Innovation
